

# THE SMOOTH RACK™

THE NEXT GENERATION TEST TUBE RACK IS HERE!

Two desirable features have been combined to create the SmoothRack. First, when using a SmoothRack tubes will never slip into an adjacent position. Second, the SmoothRack is versatile. It accommodates a wide range of tubes - 10 to 17 mm in diameter. Don't get hung up on an old-fashioned three-tier rack!

The SmoothRack  
is the only test  
tube rack you will  
ever need!

- 72 Tube Capacity
- 9.7" x 5.0" x 2.6"
